TC 1700

Sir:

In response to the office action of February 2, 2001,
please amend the above-identified application as follows.

A MARKED UP VERSION OF THE CLAIMS AS AMENDED

Please amend the following claims.

1. A method of forming transmission lines and openings for buried
passive components in green tapes comprising

embossing a channel or opening directly [on] into the
surface of a green tape using an embossing tool having a desired
pattern thereon using heat and pressure sufficient to transfer
the pattern from the embossing tool to the green tape, and
